ABOUT ME

I am an ambitious AI intern with hands-on experience in Python, Google Colab, TensorFlow, and Keras for developing deep learning models. Proficient in Git and GitHub, regularly working on diverse projects to enhance my skills. Skilled in using Pandas, NumPy, and Matplotlib for data analysis and visualization. Completed a 120-hour AI training program at NTI, strengthening my technical knowledge. Passionate about creating innovative solutions to improve efficiency. Known for quick learning and strong analytical abilities. I strive to work effectively in teams and continuously improve. Eager to engage in projects that expand my knowledge in this promising field.

Education

Bachelor's degree Computer And Information Sciences, *Mansoura University*

2024
Dakahlia, Mansoura

Courses

Applied Deep Learning, *ITI platform*   2024

Python programming basic, *ITI platform*   2024

AI for Beginners   2024

Machine learning for data analysis, *NTI*   2024

Artificial Intelligence (AI), *NTI*   2023

Professional Experience

Graphic Designer, *El Safwa Steel*

06/2022 – 11/2023
Damietta, Egypt

Skills

- Python
- Data Visualization
- Model deployment
- Spreed shits
- Illustrator
- MLOps Tools

- Data Analysis Skills
- Coding
- git,github
- Photoshop
- SQL
